

Whatcom Taking Action
for Children and Youth with Special Health Care Needs

PAYING FOR DIAPERS WITH PROVIDER ONE MEDICAL COVERAGE

If your child:

- Is on Provider One medical (formerly called “medical coupons”),
- Has special health care needs, and
- Is 3 years or older

You can use Provider One medical to buy diapers from the vendors listed below*

- Once per month
- For a limit of 200 diapers per month

** Note: Medicaid rules and vendors change, so please check with vendors to be sure they still provide this service.*

Steps to Take

1. Have the following information ready:
 - Your child’s Provider One card
 - Insurance card (only for Byram)
 - Your child’s Social Security number and birth date
 - Your child’s doctor’s name, address, fax and phone numbers
2. Call one of the two vendors listed on the right and ask for “intake” to set up an account.
3. Tell them your child has special health care needs, is on Provider One medical, and you want to order diapers.
4. They’ll ask you some questions, and they will contact the doctor for a prescription and other information. The vendor will send the diapers to you by UPS.
