

Arc of Whatcom County 2024 Annual Report

**Celebrating
achievements and
progress together**

A letter from our Executive Director

Whatcom County has over 3,000 residents with a developmental disability, whose rights to live, learn, work and play in our community must be advanced. People with developmental disabilities are at the core of The Arc of Whatcom County and have a voice in determining and evaluating the ultimate success of our organization. You, as members, are essential to our advocacy. Our philosophy for providing services is based on the principles of self-determination:

- People with developmental disabilities and their families want services and supports delivered by a system that allows them choice and control over their lives.
- People with developmental disabilities are equal citizens, people first, and the disability is secondary.
- People with developmental disabilities have needs, wants and dreams like everyone else. With respectful support, information and advocacy, these needs can be met and dreams achieved.

Just a few highlights of our year: Parent to Parent held 28 parent support meetings with a total attendance of 279 parents for the year. 169 community members celebrated our Down syndrome community at Buddy Fest. In total, our agency responded to 646 requests for one-on-one service navigation. We continued to provide virtual and in-person, day and night options for families to connect.

As we celebrate 89 years of advocacy, please remember The Arc of Whatcom County is here to listen and respond to you. Our staff, board and volunteers continue to collaborate, share expertise and resources. You can be certain The Arc of Whatcom County will continue to be a resource for you, a support to you, and a voice with you.

Warm regards,
Beverly Porter
Executive Director
Arc of Whatcom County
